Mr. John Reilly Jr.^{Esq.}

American Numismatic Socy

Dear Sir, I have pleasure in enclosing \$5. being my subscription to your Society for the current year.

As it gives a little unnecessary trouble to buy this small amount of dollars I am arranging with my bank here. Mess^{rs} Sloane & Co. £4.00

Capital & Counties Branch
Fylde Church Road. Hove. Sussex
to pay you this amount annually on
or about the 1st Jan. & I have no
doubt that this will meet with your
approval.

On Dec. 19th last I sent you by registered letter a duplicate bronze of Christ
(our Saviour) from my collection in response to
your appeal for New Year's gifts, but I
have so far received no acknowledgement.
I should be very loath to think that this had
been lost.

Yours faithfully, G. W. Ferguson

Dear Mr. Mavrogordato:

I think before this reaches you, you will have received our acknowledgment of the ancient Greek coin of Chios which we were very glad to include in our Christmas gifts. We received splendid response to our appeal and have quite a number of interesting pieces on exhibition in consequence.

Thank you very much for the five dollars received to cover Membership dues for 1924. We note that you have made arrangements with your bank in Hove to forward your dues on the first of January annually. This is very satisfactory to us and we appreciate your consideration.

Again thanking you for your interest and support,

Very truly yours,

Curator
